

Please Read! Lots going on at the Bridge Center!

Charlotte's high-poverty schools and students need the community's help, and volunteering with Heart Math Tutoring is a fun, effective way to make a difference in only 30 minutes or 1 hour per week. With the support of an on-site coordinator, volunteers use an easy-to-follow, proven curriculum featuring hands-on activities and games. Tutors work one-on-one with a student who is below grade level in

elementary math. 98% of more than 900 students tutored have met program growth goals, and 99% of surveyed volunteers would recommend Heart to others. More information is available at [www.hearttutoring.org/become-a-volunteer/](http://www.hearttutoring.org/become-a-volunteer/).

Martha Eubank and a member of the Heart Math Tutoring staff will review the program and answer questions before the Wednesday afternoon and the Thursday morning games next week, September 21st and 22nd.

Apte

1. Eating in the playing area is discouraged. But if you eat at the table please be considerate and not eat during play. Please keep the playing area clean.

2. There continue to be parking concerns regarding the handicap parking spaces - blocking passage or parking too close to other cars. PLEASE be considerate and verify that your car is not blocking access before leaving it..

3. Reminder that concerns about games, whether it be about food, zero tolerance, or slow play should be directed to the Proprietor of the game.

**OTHER MESSAGES  
FROM THE BOARD:**

- The CBA was asked to look into the possibility of having a shuttle for the Regional Tournament. It has been determined that a shuttle would be prohibitively expensive - probably over \$25 per rider. However, the membership is encouraged to carpool, use taxi's or use Uber.
